Continuation of Substance of Interview including description of the general nature of what was discussed: The Examiner called Mr. Fenster and stated that claim 1 was allowable and that a restriction would be made between a first invention defined by claims 1-13, a second invention defined by claims 14-18 and a third invention defined by claims 19 and 20 and claims 1-13 would be elected by prior presentation. The Examiner further indicated that nonelected claims 14-20 could be cancelled by Examiner's Amendment for being drawn to non-elected inventions and the application issued or a letter could be mailed giving Applicant 30 days to petition the restriction or otherwise respond. Mr. Fenster made a counter proposal to make claims 14-20 dependent on claim 1 so that claims 14-20 would include all of the limitations of an allowed claim. The proposal was accepted by the Examiner and is reflected in the accompanying Examiner's Amendment.
